Our purpose is to contribute to the wellbeing and happiness of people through design and the relationship we establish with the objects that surround us in our daily lives. We believe in honest and accessible design. Nuestra razón de ser es contribuir al bienestar y la felicidad de las personas a través del diseño y la relación que establecemos con los objetos que nos acompañan en nuestro día a día. Creemos en un diseño honesto, accesible y cercano.

DESIGN FOR EVERYONE

BRAND WITH SOUL

Our sustainability journey focuses on minimizing our environmental footprint and maximizing our positive impact on society.

Nuestro camino hacia la sostenibilidad se centra en reducir nuestro impacto negativo en el planeta y maximizar nuestro impacto social positivo.

SUSTAINABILITY

TURN OFF THE LIGHT

Our impact report
Nuestro impacto

The expertise and knowledge of our professionals are dedicated to bringing your ideas to life, creating unique and functional spaces.

La experiencia y el conocimiento de nuestros profesionales se ponen al servicio de tus ideas para crear espacios únicos y funcionales.

SERVICES

YOUR IDEA, OUR EXPERTISE

Lighting & Fan projects / Proyectos de iluminación y ventilación
Control and connectivity / Control y conectividad
Customization and bespoke products / Personalización y productos a medida

Our commitment to quality is at the heart of everything we design. We rigorously control the quality of our products and services from conception to functionality and reliability testing. Nuestro compromiso con la calidad está presente en todo lo que diseñamos. Controlamos rigurosamente la calidad de nuestros productos y servicios desde la concepción hasta los ensayos de funcionalidad y fiabilidad.

Q-LAB

QUALITY COMMITMENT

Quality management system based on ISO9001.

Compliance with electrical safety regulations under EN60598 (lighting) & EN60335 (fans), as well as ERP energy-efficiency requirements.

Sistema de gestión de calidad basado en la ISO9001.

Cumplimiento legislativo de las normativas de seguridad bajo la EN60598 (iluminación) y EN60335 (ventiladores de techo), así como la normativa de eficiencia energética ERP.

Together with PMMT Forward Thinking Architecture, we work to promote real inclusion. A selection of our designs carry the Clear Code Architecture© seal, ensuring that everyone can use them safely and comfortably, regardless of their circumstances. Junto a PMMT Forward Thinking Architecture, trabajamos para fomentar una inclusión real. Una selección de nuestros diseños cuentan con el sello Clear Code Architecture©, garantizando que todas las personas puedan utilizarlos de forma segura y cómoda, independientemente de sus circunstancias.

CLEAR CODE
ARCHITECTURE©

TOWARDS
UNIVERSAL
ACCESSIBILITY

Clear Code Architecture® Groups

The Clear Code Architecture® method takes into account all diseases recognized by the WHO and complements them with others not recognized. In this way, 13 groups have been created that encompass all people with similar difficulties when using the physical environment, whether or not they have a disability.

Grupos del Clear Code Architecture®

El método Clear Code Architecture® tiene en cuenta todas las enfermedades reconocidas por la OMS y las complementa con otras no reconocidas. De esta manera, se han generado 13 grupos que engloban a todas las personas con dificultades similares en el uso del entorno físico, tengan o no una discapacidad.

	Group	Grupo
	1	Cannot see No puede ver
	2	Poor vision Ve poco
	3	Color blindness Confunde los colores
	4	Poor hearing Oye poco
	5	Use sign language Utiliza el lenguaje de signos
	6	Do not understand language No comprende el idioma
	7	Cannot walk No puede caminar
	8	Walk with great difficulty Camina con gran dificultad
	9	Walk with difficulty Camina con dificultad
	10	Limited manipulation Manipulación limitada
	11	Cognitive impairment Discapacidad cognitiva
	12	Short stature Estatura baja
	13	Hypersensitivity Hipersensibilidad

Universal accessibility
Silver

We continue expanding the reach of our lighting and fan solutions to more regions worldwide. A selection of our designs is available for 110V, US and Canadian markets, identified with this iconography.

Ampliamos el alcance de nuestras soluciones de iluminación y ventilación a más regiones de todo el mundo. Una selección de nuestros diseños está disponible para los mercados de 110V, Estados Unidos y Canadá, identificada con esta iconografía.

Light goes further. Air too.

Scan the QR codes to explore the selection.

Push dimmer

Staff is an exploration of structural minimalism, inspired by the iconic halogen floor lamps of the '90s. A refined design that combines clean lines, modern technology, and high performance to offer a piece that is sober, functional, and surprisingly contemporary.

NEW

Tider Cable Management Accessory			
20546	● Textured Black		13,60€
Material	Structure TPU		

Cable management accessory designed to keep your environment cleaner, more organized, and safer. It features an adhesive backing that allows it to be firmly fixed to vertical or horizontal surfaces, preventing tripping and slipping hazards.

Made of high-strength PP, it withstands impacts and foot traffic without deforming. The soft section, made of TPE, provides a pleasant touch and a more secure grip.

*Check the specifications of each model to verify compatibility.

LUMINA

Carrasquet

171

Lumina transforms light into visible matter, creating atmospheres rich in warmth and character. A piece defined by both technical precision and emotional depth, with a pure form and a discreet yet unmistakable presence.

The elements can be linked, clustered or suspended, allowing for linear, angular or free-hanging configurations that flexibly adapt to each project. The result is a piece of both technical and emotional character, with a formal purity and a discreet yet unmistakable presence.

Each module can be installed independently or combined into more complex structures—up to three per driver. The elements can be linked, clustered or suspended, enabling linear, angular or free-hanging configurations that adapt flexibly to each project. Every composition blends naturally into the architecture, casting a balanced light that enhances usability and deepens the spatial experience.

The system is built around a striated glass module with a star-shaped profile—an intricate geometry that amplifies reflections and softens light diffusion, unveiling a warm texture that fosters a sense of wellbeing.

Lumina 64602-111

A collection of pendant luminaires that goes beyond function to become a tool for lighting architecture. Its language is understated and precise; its presence, calm and essential.

VERTICAL

HORIZONTAL

SWAG

Tierra, Mar and Aire (Earth, Sea and Air) arose from a concern about or interest in two concepts. First, an intention to democratise 3D printing on a large scale by integrating it as another industrial process in light manufacturing. Second, and most importantly, an interest in producing increasingly sustainable products and contributing to circularity. The project is something of a rallying cry encouraging us to consider our relationship with the planet in response to the current climate crisis. Nature does not generate waste: we must learn from it and move towards a more circular and sustainable product.

Dome

Designed by Faro Lab

Dome is a complete and diverse collection. Not only is it available in table, floor, and pendant versions, but its shade also comes in two different sizes. Perfect for those looking for visual coherence in both contract and residential spaces.

Kappu

Designed by Faro Lab

Kappu ('cup' in Japanese) is an allegory to the object that contains light. Its simple, minimalist geometry also allows it to be easily painted to adapt to the needs of any space.
